

K12 CAREER EDUCATION NAVIGATOR

EMPLOYER/PARTNER GUIDE

1

START

The K12 Career Education Navigator is a regional resource highlighting high school career education programs across San Bernardino and Riverside Counties. This guide helps employers and community partners explore local programs and identify ways to connect with schools and future talent.

2

DISCOVER

Use the Navigator to view high school career education programs across the region. Search by district, school, or career field to see where programs align with your industry and workforce needs.

3

ENGAGE

Identify schools offering programs related to your field. Connect with district representatives, teachers, or CTE coordinators to explore opportunities for collaboration, mentorship, or work-based learning.

4

PARTNER

Partnering with schools allows businesses to shape future talent, increase community visibility, and strengthen the regional workforce while offering students valuable real-world experiences.

5

LEARN MORE

The Navigator also links to pre-apprenticeship programs, WSBCSS initiatives, California Community Colleges, and Adult Education opportunities—providing a comprehensive view of the regional career education landscape.

For more information, visit WSBCSS, Inland Empire Community Colleges, and Adult Education to explore how education and industry build the regional workforce.
